

10 MAR 2005

GENERAL INFORMATION - MANAGEMENT CONTROL PROGRAM
DoD FUNCTIONAL CATEGORIES

1. Research, Development, Test, and Evaluation¹. Covers basic project definition, approval, and transition from basic research through development test, and evaluation and all DoD and contractor operations involved in accomplishing the project work, excluding the support functions covered in separate reporting categories such as Procurement and Contract Administration.

2. Major Systems Acquisition¹. Covers items designated as major systems and that are subject to the procedures of the Defense Acquisition Board, the Military Services Acquisition Review Councils, or the Selected Acquisition Reporting System. DoD Directive 5000.1 of 23 October 2000 may be helpful when evaluating a weakness for inclusion in this category.

3. Procurement. Covers the decisions to purchase items and services together with certain actions to award and amend contracts (e.g., contractual provisions, type of contract, invitation to bid, independent Government cost estimate, technical specifications, evaluation and selection process, pricing, and reporting).

4. Contract Administration¹. Covers the fulfillment of contractual requirements including performance and delivery, quality control, and testing to meet specifications, performance acceptance, billing and payment controls justification for contractual amendments, and actions to protect the best interests of the government.

5. Force Readiness. Includes the operational readiness capability of combat and combat support (both Active and Reserve components) forces, based on analysis of the use of resources to attain required combat capability or readiness levels.

6. Manufacturing, Maintenance, and Repair. Covers the management and operation of in-house and contractor-operated facilities performing maintenance and repair of, and/or installation of modifications to, material equipment and supplies. Includes depot and arsenal-type facilities as well as intermediate and unit levels of military organizations.

7. Supply Operations. Encompasses supply operations at the wholesale level (depot and inventory control point) from the initial determination of material requirements through receipt, storage, issue reporting, and inventory control (excluding the procurement of materials and supplies). Covers all supply operations at retail level (customer), including the accountability and control for supplies and equipment of all commodities in the supply accounts of all units and organizations (excluding procurement of material, equipment and supplies).

8. Property Management. Covers construction, rehabilitation, expansion, improvement, management and control over real and installed property and facilities (both military and civil works construction). Includes all phase of property life-cycle management from determination of need through disposition. Also covers disposal actions for all material, equipment and supplies, including the Defense Reutilization and Marketing system.

¹Not applicable to COMNAVRESFORCOM

10 MAR 2005

9. Communications, Security, and/or Intelligence. Covers the plans, programs, operations, systems, and management activities for accomplishing the communications and intelligence missions. Includes safeguarding classified resources but not peripheral assets and support functions covered by other reporting categories. Also covers the DoD programs for protection of classified information.

10. Information Technology. This area covers the design, development, testing, approval, deployment, use and security of electronic data processing systems, computers, and other technologies for processing management information. Includes requirements justification for equipment and software

11. Personnel and/or Organization Management. Covers authorizations, recruitment, training, assignment, use, development and management of military, and civilian personnel of DoD. Also includes the operations of headquarters organizations. Contract personnel are not covered by this category.

12. Comptroller/Resources Management. Covers the budget process, finance and accounting, cost analysis, productivity and management improvement, and the general allocation and continuing evaluation of available resources to accomplish mission objectives. Includes pay and allowances for all DoD personnel and all financial management areas not covered by other reporting categories, including those in connection with OMB Circular A-76 (NOTAL).

13. Support Services. Includes all support services functions financed from appropriated funds not covered by the other reporting categories, such as health care, veterinary care and legal and public affairs services. All non appropriated fund activities are also covered by this category.

14. Security Assistance¹. Covers management of DoD Foreign Military Sales, Grant Aid and International Military Education, and Training Programs.

15. Other (Primarily Transportation)¹. All functional responsibilities not in the previously noted categories, including management and use of land, sea, and air transportation for movement of personnel, material, supplies, and equipment using both military and civilian sources.

¹Not applicable to COMNAVRESFORCOM

10 MAR 2005

GENERAL INFORMATION - MANAGEMENT CONTROL PROGRAM
COORDINATOR DUTIES AND RESPONSIBILITIES

1. Ensures that the program and reporting requirements are communicated throughout the organization and completed in a timely manner.
2. Prepares the organization's management control plan.
3. Serves as point of contact for the MCP and advises the Commander on program status.
4. Provides guidance and work with managers regarding annual requirements.
5. Provides familiarization training and technical assistance as needed.
6. Ensures the command's inventory of AUs/WPs are reviewed and updated by process owners.
7. Evaluates AUs/WPs for relevancy to the command's mission and associated support.
8. Ensures AUs/WPs are flowcharted and have evidence of an internal control system test and ORM assessment.
9. Retains the command's copies of AU/WP flowcharts and evidence of testing and risk assessment.
10. Compiles management's submission (including positive management control accomplishments) for support of the MCP SOA.
11. Tracks the status of reported material weaknesses identified in the SOA or by the CAP Program concerning AUs and WPs.

SAMPLE ACTIVITY MANAGEMENT CONTROL ANNUAL ASSURANCE STATEMENT

From: Responsible Official (Commanding Officer of OIC)
To: Next higher level in the chain of command

Subj: MANAGEMENT CONTROL ANNUAL ASSURANCE STATEMENT

Ref: (a) COMNAVRESFORCOMINST 5200.6D

Encl: (1) Major Accomplishments (see Attachment A for example)
(2) Material Weaknesses (use enclosure (11) format)
(3) Status of Corrective Actions (use enclosure (11) format)

1. I have taken the necessary measures to ensure that the system of internal controls in effect during Fiscal Year (current FY) within (Department or Command) has been evaluated per reference (a). Major accomplishments are in enclosure (1).

2. (Select one of the following statements)

I have reasonable assurance that management controls are in place and operating effectively. The objectives of the Federal Managers' Financial Integrity Act were achieved. (or)

I have reasonable assurance that management controls are in place and operating effectively, except for the material weaknesses discussed in enclosures (2) and (3). The objectives of the Federal Managers' Financial Integrity Act were achieved. (or)

I do not have reasonable assurance that controls are in place and working effectively, as discussed in enclosures (2) and (3). However, remedial action is being taken to ensure compliance with the objectives of the Federal Managers' Financial Integrity Act.

3. Information to support the certification statement was derived from process analyses, audits, inspections, investigations and other management information, such as knowledge gained from daily operations of programs and functions.

Signed by Appropriate Responsible Official

Enclosure (10)

MAJOR ACCOMPLISHMENTS

1. General Information.

(a) Command/Activity: UIC:

(b) Department:

(c) Functional Category:

(d) Assessable Unit (AU) / Work Process (WP):

(e) Point of Contact:

2. Major Accomplishments.

Discuss major steps taken to promote a control-conscious environment within the activity, or measures to strengthen internal controls:

10 MAR 2005

FORMAT FOR REPORTING MATERIAL WEAKNESSES FOR INFORMATION OR WHEN REQUESTED BY CNO

Title and Description of the Material Weakness: Use the title from the source document. Provide a brief narrative summary describing the material weakness and its scope; i.e., local, area-wide, service-wide, etc.

Functional Category: Choose one of the 15 DoD categories.

Pace of Corrective Action: The five items below identify the pace of corrective action. All dates are to be reported by fiscal year (FY).

Year Identified: Identify the FY the material weakness was first reported in the organization/component's annual statement of assurance.

Original Targeted Correction Date: Provide the original target correction date contained in the initial report of this material weakness.

Targeted Correction Date in Last Year's Report: Provide the target correction date that was reported in the previous year's annual statement of assurance. Enter N/A for current year material weakness.

Current Target Date: Indicate the current target correction date.

Reason for change in Date(s): If targeted correction date and current target date are different, explain the reason for the change. Enter N/A, if unchanged.

Component/Appropriation/Account Number: Identify the appropriation(s) and account number(s) related to the described material weakness using the standard DOD designation, e.g., FY 1999 Operation and Maintenance, Navy (O&MN), 1771804.

Validation Process: Briefly explain how the effectiveness of the corrective action(s) will be demonstrated.

Results Indicators: Provide a short description of how the corrective actions improve the function, process or procedure. Monetary benefits (if any) should be reported here.

Source(s) Identifying Weakness: Provide the source(s) used to identify the material weakness, e.g., audit. When using a source other than a management review, cite the report number, title and date. List all sources individually.

Major Milestones in Corrective Action: A milestone chart is to be provided which indicates actions taken and actions planned. It should be separated into three categories:

10 MAR 2005

Completed Milestones:

Date: Milestone:

Planned Milestones (Next FY)

Date: Milestone:

Planned Milestones (Beyond Next FY)

Date: Milestone:

Verification: (Completion date and verification actions)

Point of Contact: Provide name and telephone number (voice and fax) and e-mail address, if applicable.
